

Mrs. Muriel Mary Tait (née Low) 1929 – 2015

Class of 1948

Upon leaving the High School of Dundee, Muriel went on to study at the Edinburgh College of Domestic Science, on Atholl Crescent. This institution evolved to become Queen Margaret University.

Muriel married one of her fellow classmates, the late Ian Tait who she met at the Games Club, a tennis club in Broughty Ferry. They went on to have four sons and all of whom attended the school.

As well as a loving mother, Muriel was a keen golfer and regularly played at the Panmure Golf Club. She was also a frequent Bridge player and a member of the Old Girls' Club, attending their annual dinner over a number of years.

Muriel is survived by her sons Michael, Christopher, Ian, and Murray.
